Description:

From Publishers Weekly With his first book, Cooper, the original shock rocker, attempts to combine autobiography and golf manual in one snappy narrative; that both parts are equally half-baked hardly matters, as Cooper's simple, frank account of his 40-plus years in the rock and roll biz

is great entertainment. Cooper started playing golf in the early 1980s-as many as 36 holes a day-to fill his post-rehab days and keep him from the destructive spiral of alcoholism. Thus, golf plays a vital role in this memoir; indeed, without golf, Cooper might no longer be alive-and not incidentally, the rock legend has since become one of the best players on the pro-am tournament circuit. Cooper devotes 12 sections to his "steps of golf addiction" ("Be a Good Imitator," "Let the Adreneline Flow," "Play with Those who Inspire You"), interspersed between short chapters that present a Cliff's Notes version of his life. Revelations include the truth behind the infamous 1969 incident in which Cooper threw a live chicken into a rabid Detroit audience, an unexpected backstage encounter with Liberace and Cooper's late-life conversion to Christianity. While there's more here for fans of Alice Cooper's music than his fellow golfing nuts, the man deserves credit for finding a way to tell his life story that's as unconventional as the life itself.

Review "Alice writes like he golfs: straight and right down the middle. Like a lot of us golf addicts, he's spent his fair share of his life getting out of the rough and back onto the green. If you're like me and only read like a book a year (OK, like every decade), this should be the one."

—John Daly

"What a blast from the past, and such insight to the future! *Alice Cooper, Golf Monster* shares Alice's personal life mission, interwoven with great stories and characters from the 60's through the present in Rock and Roll. Not to mention some wonderful golf tips and experiences, humorously presented. Thank you Alice, for a nice ride!"

—Michael Douglas, actor and creator of the Michael Douglas & Friends Charity Golf Tournament
"Few things are more surreal than playing golf with a guy named Alice. But by the time you reach the second tee, you realize that No More Mr. Nice Guy is one of the wittiest and engaging playing partners you've ever had. Plus, the guy can play! For those who aren't likely to experience the pleasure of a quiet, leisurely round with the man who spends his nights singing "School's been blown to pieces," this book provides the next best thing."

—Steve Eubanks, author of *Golf Freck*

"Debauchery, demons and divots! This is the only book I've ever read that should come in 3-D; the crazy stories come right at you from Sinatra to KISS to the Moscow Golf Club."

—Gary McCord, author of *Golf for Dummies*

From the Hardcover edition.
