Description:

The past two years have been anything but "politics as usual" in the United States.

By The People, Brief Third Edition, reflects the dynamism of American government and politics with new teaching and learning tools that prepare students to **ENGAGE**, **THINK**, and **DEBATE** now more than ever before.

In a storytelling approach that weaves contemporary examples together with historical context, *By the People: Debating American Government*, Brief Third Edition, explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like Who governs? How does our system of government work? What does government do? and Who are we? By challenging students with these questions, the text gets them to think about, engage with, and debate the merits of U.S. government and politics.
