## Description:

**Review** "With many enthusiastic series readers, libraries...will likely see this book circulating heavily. " --VOYA --This text refers to an out of print or unavailable edition of this title.

**About the Author** Heather Brewer was not your typical teen growing up. She wore black, danced under full moons and devoured every book in sight. She hasn't changed much. Today, Heather can be found writing in her funky, black Happy Bunny jammie pants, dancing under the full moon,

devouring every book in sight, and attending renaissance fairs in costume (and in character). Heather doesn't believe in happy endings...unless they involve blood. She lives in Missouri with her husband and two children. Her new series, BLOODBOUND, is slated to be published in Fall 2011.
