Description:

Barron's *Let's Review Series* titles are classroom textbook supplements that help prepare high school students who are studying for New York State Regents exams. This book reviews all high school-level chemistry topics and includes:

1. A topic review covering atomic structure, chemical formulas and equations, the mathematics of chemistry, thermochemistry and thermodynamics, the phases of matter, chemical periodicity, chemical bonding, and much more

2. Practice and review questions with answers
 3. Two recent New York State Regents exams with answers
