Review

For hiking, snorkeling, surfing, biking locations, this is the guide to take along. - Outside

In both layout design and content, the very model of what a user-friendly outdoor guide should be. --
Midwest Book Review

Many of Maui's attractions are easy to find. But other places are off the beaten track.I recommend a guidebook called Maui Trailblazer, which has detailed descriptions of trails and remote natural sites.
--New York Times

From the Publisher From the Maui Weekly, January 11, 2006, "Turns out my favorite Maui guidebook has five siblings. It's a family of great books. All the island Trailblazers (Maui, Kauai, Hawaii the Big Island and Oahu) are big on hikes, and really tell you everything you could possibly need to know to hike safely and enjoyably in each area described. They are equally complete in their snorkel site coverage and drives. In reading and using Trailblazer guides, you are encouraged to exercise your best judgement and show all the spirit of aloha you can muster." --This text refers to an out of print or unavailable edition of this title.
