#### Amazon Exclusive: What's on Alyson Noël's Bookshelf?

I love to read—it's one of my favorite ways to unwind. But this last year I've been so busy working on The Immortals books along with the spin-off series beginning with Radiance that I haven't had a

whole lot of down time for recreational reading. That said, I have managed to sneak in a few great reads such as:

by Lisa McMann, by Cindy Pon, by Rebecca Stead, by Jessica Brody, by Tera Lynn Childs, by Wendy Toliver, by Caridad Ferrer, by Kim Culbertson, and by Holly Black.

But despite not having a lot of free time for reading that doesn't stop me from buying books, which means my TBR pile is nearly out of control! Some of the books that are waiting for me that I can't wait to dig into are:

by Alexandra Adornetto, by Kody Kepliner, by Allie Condie, the Sookie Stackhouse series by , by Aimee Bender, the entire Harry Potter series by , by Stieg Larsson...to name just a few!

**From** Ever and Damen were left trying to cope with former best-friend Haven's new evil side and Roman's death at the end of Darkflame (2010). Although not a lot of progress is made in this episode in the Immortals series—except that mortal friend Miles gets past his tiff with Ever—there is plenty of action as Ever works to stop Haven, Damen helps switch the former “A” high-school group with the loser “D” group, and Haven keeps chugging the juice that gives her strength to act on her malicious whims. For fans of the series, but not a starting place for new readers. Grades 8-10. -- Francisca Goldsmith
