From the Inside Flap

Outlaw motorcyclists—the infamous “one percenters” labeled as outlaws by the American Motorcyclist Association—live life on the fringe. To survive, they’ve formed a new community, one with standards and values more in keeping with their own outlaw aesthetic, one that often takes the form of a motorcycle club.

One Percenter: The Legend of the Outlaw Bikers tells the story of this enigmatic embodiment of rebellion, from the earliest days of the subculture, when veterans returning from World War II began forming the first motorcycle clubs, to modern times, when the outlaw motorcycle subculture has evolved to the point of a cottage industry.
