Description:

From the Back Cover One man's astonishing walk through the doorway of death When a young soldier named George Ritchie landed in an Army hospital with pneumonia, he had no idea of the uncharted journey he was about to take. Days later, barely comprehending his own death, he stepped out of the physical world and entered eternity. In this riveting and detailed story, Ritchie describes a series of "worlds" he visited--some hellish in their separation from life, some glorious in their heavenly brilliance. But overshadowing all was his longing to stay in the blazing presence of Jesus. Stunning and memorable descriptions make this one of the most amazing accounts of life after death ever written. This glimpse into the realm beyond can change forever your understanding of

the world beyond our own. George G. Ritchie has served as president of the Richmond Academy of General Practice; chairman of the Department of Psychiatry of Towers Hospital; and founder and president of the Universal Youth Corps, Inc. He lives in Virginia. --This text refers to an out of print or unavailable edition of this title.
