Description:

Through Women's Eyes: An American History with Documents was the first text to present a narrative of U.S. women's history within the context of the central developments of the United States and to combine this core narrative with written and visual primary sources in each chapter. The authors' commitment to highlighting the best and most current scholarship, along with their focus on women from a broad range of ethnicities, classes, religions, and regions, has helped students really understand U.S. history.
