Description:

NEW EDITION, REVISED AND UPDATED

What if conflicts at home, conflicts at work, and conflicts in the world stem from the same root cause?

What if we systematically misunderstand that cause?

And what if, as a result, we systematically perpetuate the very problems we think we are trying to solve?

Every day.

From the authors of *Leadership and Self-Deception* comes an international bestseller that instills hope and inspires reconciliation. Through a moving story of parents who are struggling with their own children and with problems that have come to consume their lives, we learn from once-bitter enemies the way to transform personal, professional, and global conflicts, even when war is upon us.
